PROGRAM DETAILS

BOSOSAI

11:00 — **Members' Driving**
A cruise drive session for members. Visitors can watch the cars drive around the course.

11:30 — **Japanese Icons**
A session of notable cars from Japan. Visitors can see models that have long been popular run on the course, across a range of years and specifications.

12:00 — **Iconic Porsches**
A session of representative Porsche models. Visitors can compare cars from different eras and see the differences between generations.

12:30 — **Grand Touring**
A session of vehicles that combine comfort with strong performance. Visitors can watch these refined vehicles run on the course.

13:00 — **Super Sports**
A session of recent super sports cars. Visitors can enjoy watching these high-output models handle the corners.

14:00 — **Racing Cars**
A session of cars built to be driven on the course. Many are not street legal, as they are designed for competition rather than road use.

14:30 — **Lightweight**
A session of sports cars that prioritize low weight. The models gathered here are known for light, agile handling, regardless of engine size or output.

15:00 — **20th Century**
A session of cars from the 20th century. Visitors can see cars from different decades and how design and driving character changed over time.

15:30 — **Hypercars**
A session of hypercars, built for exceptionally high performance. Visitors can experience their acceleration and sound on the straights.

16:15 — **Finale – Twilight**
Cars selected from each session run together around sunset. Visitors can enjoy watching them on the course in the evening light.
